Location: Approximately 9.8 nm NNE of the complex support facility

Type: IIIC

Negation Date:

Stage of Construction: Mid

Date First Seen:

The launch area consists of a launch site and a site support facility. The launch site is secured by a double fence and contains a silo excavation with 2 earthen access cuts, and 4 small probable buildings. The beginning of the silo structure is visible in the excavation. The typical square earth mound is on the SE side of the silo excavation, and an irregular-shaped earth mound is on the NW side.

The site support facility, located approximately 2,500 feet SW of the launch site, contains 3 large buildings and approximately 15 small possible buildings.
